PRESS RELEASE

HAUFF-TECHNIK SWISS OFFICIALLY OPENS

On 1 February, 2018, the Swiss national subsidiary Hauff-Technik Swiss AG opened its new customer service and distribution centre in a celebratory atmosphere in Oensingen.

Hermaringen/Oensingen, 01.02.2018 – In addition to customers, the opening ceremony was also attended by representatives from local business and politics. "Our new national subsidiary is a fine example of how Hauff-Technik has grown with its customers and is now further expanding its presence in the international environment," said Dr. Michael Seibold, Managing Director of Hauff-Technik GmbH & Co. KG, at the opening ceremony. "The new customer service and distribution centre will enable us to fulfil our aspiration of offering our customers the best possible service. In the future, Hauff-Technik's extensive product portfolio will be specially adapted to the Swiss market here."

Hauff-Technik Swiss AG's new company building in Oensingen

The new branch in the industrial area of Oensingen in the canton of Solothurn is strategically located between Basel, Bern, and Zurich.

Swissness and business

In a humorous address, Dr. Michael Seibold welcomed the guests and assured them that in the future with Hauff-Technik "cha me go Ross stäla". But to live up to this claim, it is essential to have our own employees present on site.

Two dyed-in-the-wool Swiss people, Sascha Lüthi and Peter Walker, were recruited for these tasks. Together with Stephan Rauch, Managing Director of Hauff-Technik Swiss AG, they will steer the company's destiny in Oensingen.

Dr. Michael Seibold, Managing Director of Hauff-Technik GmbH & Co. KG, receives congratulations

For many years, LEONI Studer AG supervised the official distribution of Hauff-Technik for Switzerland. Hauff-Technik's innovative cable, pipe, and line bushings offered an ideal complement to the high-quality cable systems from the Swiss company's product portfolio. Now the baton has been symbolically passed from Tobias Ledermann, Head of Distribution CH at LEONI Studer AG, to Dr. Seibold.
